Participants will undergo 18 sessions of about 2 hrs each. The sessions will consist of an energetic warm up, training on the floor and later, on the climbing wall. The climber can expect to acquire the title of “CERTIFIED WALL CLIMBING ASSISTANT” in about 6 weeks as a minimum. Before the certificate is awarded, the climber will be tested in all spheres of the syllabus and this will also include speed climbing on the wall.

The program can be customized to suit your timing requirements:

1. Weekend option - Saturday / Sunday > 0630 - 0830 hrs
2. Daily option - 6 days a week > 0630 - 0830 hrs

Who can benefit?

Adventure activities are already available in several parts of India but these activities are soon coming to every city and suburb in a big way through theme parks, climbing walls, rope courses, zip lines etc. These structures are installed, managed and operated by skilled climbers whose primary responsibility is climber safety.

- Staff of adventure parks or climbing arenas can upgrade their skills and certification
- School and college students can benefit greatly from our program since it improves their concentration and learning abilities in addition to building their physical strength.. People who are bored of traditional fitness routines will undoubtedly enjoy our program.
- Housewives neglect their health while providing dedicated service to their spouses and children. They can jumpstart their fitness and eventually improve overall health. They will find this program very exciting and see a huge jump in self esteem
- Corporate employees who want to lead a healthier lifestyle but do not have time for fitness programs or regimens on weekdays will be able to take up our program on the weekends and also get a chance to destress and relax. Corporate trainers who deliver classroom lectures and related programs will find dramatic change to their perspectives.

Career Opportunities

Certified professionals with diverse skills are few and far. Full time and part time careers are coming up in several parts of India and you will find that this job is extremely fulfilling.

Consult your physician

Some of the program activities will elevate the heart rate and demand physical strength and endurance. Persons with the following medical conditions are requested to consult their physician:

- BMI over 35 / Thyroid malfunction / Osteoporosis / Arthritis / High BP / Diabetes
- Physically weak / Severe back ache / Knee Problems
- Consume prescription drugs for acute ailments.
