## **Important info for parents: (whose unaccompanied children are at our campus)**

1. While we appreciate the anxiety and angst towards your child attending this program, calls to the campus for general enquiry and repeated requests to speak to your child are STRICTLY not allowed. In our experience, this distracts the trainers from their main focus of running the program safely. Further, modern day children get weak when the parent, sometimes, become emotional on the phone. This also upsets other children in a cyclical process. We hope you will understand..! We also do not encourage your visit to the campus during the program.
2. As a policy NALS does not rate or rank children. Neither do we give a “performance report” as this requires that the children be compared with each other. It is our belief that each child is unique and comparing them with others is doing injustice to them. Some parents, in the past, have insisted on a performance report of their wards much to our chagrin. We hope you will understand that this is not possible.
3. For children who may become weak or sick, NALS adopts a wait and watch policy for 24 hrs and we manage the situation with the best of our abilities that may also include a visit to the local hospital. Parents will be informed by telephone in case of a hospital visit. If the situation cannot be managed by NALS, we may request the parent to collect the child from our campus.
4. Parents should assure themselves that their children are toilet trained fully as this is an area were NALS cannot help much other than guiding a child to clean himself properly. It would be inappropriate for our staff to handle the child inside a bathroom.
5. NALS may take efforts to update status on the camp through SMS or Whatsapp. This is subject to availability of cell range / data roaming. As we are far in the outdoors, this always remains a challenge. Some parents have demanded, in the past, immediate response, after not seeing their child’s photo in the whatsapp message. Please relax.

Animals rarely attack humans and they do so only when they are alarmed and under threat.

All adult participants are required to sign a risk declaration as part of the registration process. In case of minor participants, parental consent and signature is mandatory for participation in our programs.
